## OK Logistics - total versatility

### Your complete logistics provider in Germany (near Hamburg)

**OK Logistics GmbH & Co KG** was created out of the OK Media/TELDEC group of companies which, owing to increased demand and success, has been an independent company since 2006.

OK Logistics focuses on complete distribution, storage, freight logistics and packaging solutions. We finish, package, pack, warehouse and distribute, efficiency and reliability are combined with an excellent price-to-service ratio.

We can act as your external partner in a service-oriented relationship to develop flexible logistical processes that reduce your costs and give you the competitive edge. We can also provide an online tool to enable you to track the current status of your stock levels and product shipments in real time.

#### **Picking – Packaging – Fulfilment – Warehouse Management**

We can offer you tailor-made solutions from iShop order processing and despatch, right through to loading the transport.

#### **Supply Chain Management**

We can of course manage the whole supply chain for you, resulting in increased effectiveness and efficiency; information and communication channels in particular will be integrated into your company activities.

#### **Value-Added Service**

OK Logistics has an in-house IT team and works with state-of-the-art technologies. Furthermore, OK Logistics can offer services and work processes such as pricing and labelling, the manufacture of components and assembly tasks. We can also handle various administrative services such as customer credit checks, IT support, development and management of Internet shops and any other requirements you may have. Tell us what you need!

## We can create the right package for you!
